LGI(Asia) introduces a new innovative LED Umbrella Light with an advanced “quick clamp” system. The new Quick Clamp system makes installation and removal easy, and ensures even pressure on the umbrella pole providing a non-slip grip.

NEW!

Energy Saving Product

Standard Available Colors:

Beige, White, Fiesta/Sunshine Yellow, and Black. Custom colors available upon request

The new LED Umbrella Light - Quick Clamp Style offers enhanced brightness, and a longer life span. The “Patent Pending” housing styles have been enhanced to meet customers’ expectations. This smart new design, incorporating state of the art LED technology, enables cordless illumination by attaching it in one of two ways to the underside of any standard household or commercial umbrella pole up to 2” in diameter.

Ergonomic, Stylish, and cost effective the LED Umbrella Light is perfect for backyard patios and commercial applications such as restaurants, café’s, pubs, and any other application that uses umbrellas and tables indoors or out.

The soft light of the LED Umbrella light enhances romantic moods and is bright enough for outdoor reading. Due to the low power consumption of LED’s the LED

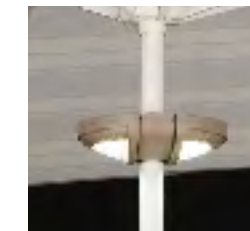

Installation and operation is as easy as 1,2,3

Step1:Hang

Step2:Clamp

Step3:Turn On
